Classes in sculpture and figure drawing	
1984 and 1985	Arts and Science Center, Nashua, New Hampshire
Classes in watercolor and clay	

Biography

I have been a freelance artist in New Hampshire for over 20 years. I work full time contracting to businesses and individuals who wish to acquire quality hand painted murals, tile murals, signs, illustrations and design services. I have done work for many private residences throughout the state, as well as projects for many of New Hampshire's finest businesses. These businesses include: The Common Man Family of Restaurants, Portsmouth Hospital, Elliot Hospital, Penny Pitou Travel, Children's Dentistry of NH, and several daycare centers, to name a few. Previously, I illustrated the book Hypnobirthing, first edition, written by Marie Mongan, and completed a series of oil painting illustrations used in a film called "Fable.". I taught children's art classes at the Sharon Arts Center, Sharon New Hampshire, Green Valley Montessori School, in Pembroke New Hampshire, as well as at Chauncy Hall Chapel Hill Summer Theatre Program in Waltham Mass. I also completed a set painting internship at North Shore Music Theatre in Beverly Massachusetts in 1990 and volunteered my set painting skills to the Community Players of Concord theater group. Since 2014 I have been contracted through Canobie Lake Park, located in Salem NH, as lead design artist. This position requires project management of all creative aspects of new and existing projects. I have also completed two public works of art through the NH State Council for the Arts Percent for Art Program. These were both large scale tile murals and are located at the Hampton Beach State Park bathhouses and the new women's correctional facility located in Concord.
